PROGRAMS ATTENDED

- Limpopo MLab, Nemisa Data Science hackerthon.
I actively participated in the Nemisa Data Science Hackathon in November 2022, collaborating with a diverse team to solve real-world data challenges. Utilized data analysis techniques and machine learning algorithms to derive insights and present innovative solutions.
I demonstrated strong problem-solving skills and adaptability in a fast-paced, competitive environment and collaborated effectively with team members, contributing to the overall success of the project.

TECHNICAL SUPPORT

- Front End (HTML, CSS, PHP, Node.js, Typescript, ReactJs & Javascript)
- Back End (Visual basic, Java, C#& C++)
- Microsoft Office (Word, Access, Excel & power point)
- Database (MySQL and SQL)
